

# VALLEY RD & HWY 6 ROUNDABOUT

The Town will construct a new roundabout at the intersection of Valley Road and Highway 6. Additionally, Highway 6 will be reconstructed from Valley Road to the recently completed Schoolside Street roundabout. As part of the project, the traffic signal at Oakridge Drive (the entrance to Eagle Valley High School) will be removed and replaced with a ¾-movement intersection. Oakridge Court will also be extended as a new through street, connecting the Post Office to Estes Lane and Crestwood will get a re-coating of temporary asphalt. Other improvements include new sidewalks, flashing beacons at crosswalks, upgraded drainage structures, enhanced roadway lighting, and improvements to the pedestrian underpass beneath Highway 6 near Eagle Valley High School.

Construction is scheduled to begin in May 2025 and is expected to be completed by the end of October 2025. The intersection of Valley Road and Highway 6 will be closed outside of the school year, from June 5 to August 15. A detour will be in place for Highway 6 traffic, ensuring all businesses remain accessible. However, access to Valley Road will be available via Jules Drive and Cooley Mesa Road. During the school year, drivers should anticipate lane shifts, lane closures, and flagging operations outside of peak traffic hours. Alternative routes are recommended to minimize delays.
